Build Any Dirty Soda

Four things, in this order.

1 Ice

Fill a 20 oz cup all the way. More ice, less watered-down drink.

2 Syrup

1 to 1½ tablespoons of flavored syrup over the ice. Use a tablespoon until you know your pumps.

3 Soda

10 to 12 oz of chilled soda, poured slowly so it doesn't foam over.

4 Cream

About 2 tablespoons of half & half or cream on top. Stir once, gently.

Fix-it quick list

Too sweet	Cut the syrup to 1 tablespoon, or add a squeeze of lime.
Too weak	Add another ½ tablespoon of syrup and stir.
Foams over	Tilt the cup and pour slowly down the side.

Your own drink

Name: _____

Soda: _____

Syrup: _____

Cream / extra: _____
